LITTLE ROACHES

Tweemaal zeven bloemen Seven flowers twice

Synopsis

The ideal booklet to give with - or instead of - a bouquet of flowers.

Famous Flamisch writer Geert De Kockere wrote a series of flowery haikus especially for this Little roach. About rozes, colours, blushing and much more. The talent and upcoming illustrator Julie Van Wezemaël created a world filled with all kinds of flowers you never saw before. Wild, powerful and above all colorful plants that make you wish you could really put them on water in a beautiful vase.
