

Teenagers! Manual for parents

Lying on the couch, pushing a game controller. Is there something nice to write about teenage boys? Or about girls who climb out of the window at night and only listen to the blobs and bleeps of their smartphone? Yes, there is. Anthropologists and biologists recognize the fact that adolescents are a great creative force in evolution. This book will help you to guide your adolescent through this turbulent phase of life.

Author: Gerard Janssen

Illustrations: Lobke van Aar
